QUARTERLY ENVIRONMENTAL COMPLIANCE AND ENFORCEMENT SUMMARY

January 1, 2011 to March 31, 2011

BRITISH COLUMBIA | Ministry of Environment

BRITISH COLUMBIA | Ministry of Forests, Lands and Natural Resource Operations

The 1st Quarterly Environmental Compliance and Enforcement Summary for 2011 outlines 4 Orders, 25 Administrative Sanctions, 230 Tickets and 11 Court Convictions from 28 charges for a combined total of almost $100,000 in fines.

Notable highlights this Quarter:

Sable Resources was convicted in court under the *Environmental Management Act* for one count of failing to immediately report the spill of a polluting substance at a mine operation located 500 kilometres north of Mackenzie. The spill involved the discharge of gold cyanidation circuit tailings entering Adit and Galen Creeks. Local First Nations reported the spill which had not been reported by the company. The court fined Sable Resources $575 and ordered them to pay $19,500 in creative sentencing to the Habitat Conservation Trust Foundation, to be earmarked for projects contributing to environmental conservation and management in the Mackenzie area.

Surrey based Speedy Excavating Ltd. was convicted under the *Environmental Management Act* for the illegal transporting and disposing of drywall materials containing asbestos, a substance which is classified as a hazardous waste. The court fined the company $1,000 and ordered them to pay an additional $14,000 in creative sentencing to the Habitat Conservation Trust Foundation.

Earlier this year, government launched a new online database making it faster and easier for British Columbians to keep track of the people, businesses and industries running afoul of B.C.'s environmental rules. In addition to the *Quarterly Environmental Compliance and Enforcement Summaries*, published in PDF format, the new database allows information to be searched by violator names, locations, dates or types of violation, dating back to 2006 when the Ministry of Environment began public reporting of violations.

Our compliance and enforcement reporting includes orders, administrative sanctions, tickets and court convictions, covering hunting and fishing, open burning, mud bogging, dam safety, pesticide and pollution violations.
